

QGECC

2015 SPONSORSHIP PACKAGE

ABOUT QGEC

THE ENERGY OF TOMORROW

This year's conference theme of "The Energy of Tomorrow" focuses on educating students on globally emerging energy trends and markets while simultaneously providing insight on the interplay of different energy sectors.

Energy is one of the largest sectors in today's market having direct impacts on global economies. In our inaugural year, QGEC is planning on recruiting 80 of the best and brightest individuals, and providing them with the opportunity to gain unique insight into the various diverse energy sectors. What sets QGEC apart from other conferences is our focus on energy integration, and how this will impact the future of the energy industry. It is our goal to work with partners to engage delegates and create a forum in which they can work together to shape the future of the energy industry.

FUNDAMENTAL PILLARS

2. Facilitate the engagement of delegates with industry leaders to create a forum in which partners, speakers, and delegates can comfortably interact.

3. Motivate our delegates to become leaders in the future of global energy

PROMOTE

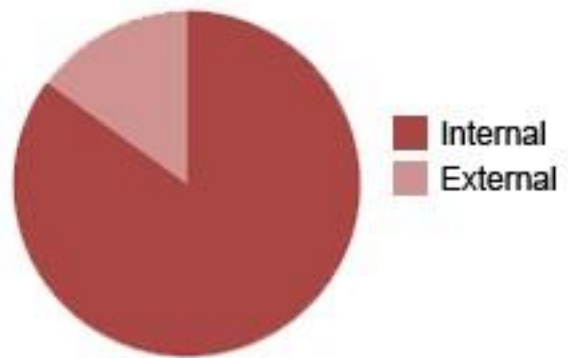

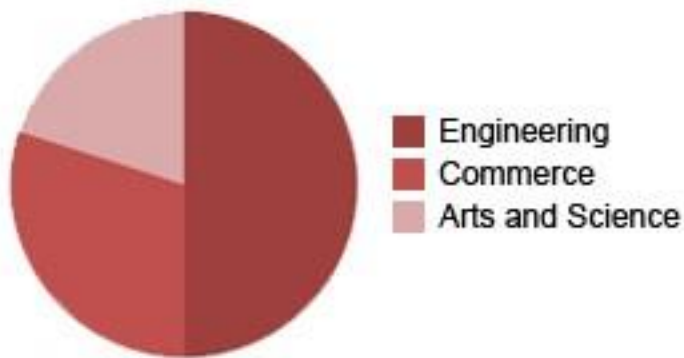

Grow your firm through high-profile exposure by showing delegates your companies role in the future of global energy.

NETWORK

Broaden your horizons by making lasting relationships with passionate sponsors, speakers, delegates and executives with a budding interest in the future of global energy.

EDUCATE

Delegates attending the conference will one day be the future of energy, so seize the opportunity to mold the future of the industry.

*Based on expected delegate distribution
